

Rollover Contribution Instructions & Application

Rolling money into your retirement plan account is an easy four-step process. To help us process your rollover contribution quickly and accurately, please follow these instructions carefully, making sure to complete each step.

- Step 1 -** Review the rollover types available and certifications required on this application to ensure your retirement savings are eligible to roll into your retirement plan account.
- Step 2 -** Request a distribution check from your prior plan administrator or custodian. The check should be made payable to the Charles Schwab Trust Bank (Schwab Trust Bank) for (your retirement plan name), FBO (your name and last 4 digits of your social security number).

Example: Schwab Trust Bank for (Your Plan Name), FBO John Doe, 9999

This check and copies of all supporting documentation received can be mailed to you or directly to Schwab Retirement Plan Services, Inc. at the address below.

If the distribution check was already made payable directly to you, you can send us a certified check or money order (personal checks are not acceptable). This indirect rollover option is only available for 60 days after you receive your distribution check. Also, when the distribution was originally paid directly to you, your prior administrator or custodian may have withheld taxes from your savings. If these additional amounts are not included in your rollover contribution, they will be considered a withdrawal and may be subject to income tax and penalties.

- Step 3 -** Carefully complete and sign this application.
- Step 4 -** Return this application (with your rollover check if sent to you) by one of the following methods:

Your Certification and Signature

By signing this application, I certify that the information in this application is complete and correct.

- This rollover contribution is of amounts I received as an "eligible rollover distribution"
- I did not receive the funds as a non-spouse beneficiary of a death benefit.
- I did not receive the funds as one of a series of periodic payments.
- I did not receive the funds as a hardship distribution.
- If an indirect rollover, (the distribution was originally paid directly to you by the prior plan administrator or custodian), I am rolling over these funds within 60 days of the date I received them from an eligible employer plan or IRA; or I am enclosing a written certification (using the model self-certification letter found in Revenue Procedure 2016-47) that the rollover contribution missed the 60-day deadline due to one of the reasons provided under Revenue Procedure 2016-47. However, if my indirect rollover is a rollover of a loan offset amount, I am rolling over these funds by the due date (including extension) of my individual tax return for the year in which the loan offset occurred.
- If from an IRA, these funds would be included in my gross income if not rolled over (no after-tax funds).
- These funds do not include any required minimum distributions.

If you are not certain on any of these items, please contact your prior plan administrator or custodian for verification. Also, if there are no investment instructions on file, these funds will be invested according to the Plan's default instructions.
