Nanny Placement

How does the nanny placement process work?

This service is offered through Jovie and starts with a family consultation to establish your family's unique needs. After signing up with a local Jovie office, they will evaluate your schedule, your children's ages, job duties, interests, and desired experience and attributes for your perfect nanny. As candidates are identified, you will receive an electronic profile for review and then arrangements will be made for your interviews. Jovie will follow up with both your family and the candidate to ensure both parties feel it is a great fit before moving forward. After selection, orientation will be provided for the new nanny and Jovie is available to help with the process of settling in for an exceptional experience. The discounted nanny placement fee and hourly charges for care will be paid by you directly to the local Jovie office.

How do I access the service?

To connect with Jovie, visit your Bright Horizons benefits page and navigate to "Nanny Placement." This will bring you to the Jovie website, where you can submit a short inquiry form. Your local Jovie office will make contact within 48 hours to begin the consultation process.

For ongoing training, Jovie offers videos, print resources, resource directories, the most up-to-date tools available, and the ongoing professional guidance of the local Jovie team. You can also elect to be matched with a nanny who is trained as a learning coach to support students with online instruction — see more information below.
